

vigor and strong constitution.

**Beak**—Short, stout, curved.

**Eyes**—Medium size, bold and fearless expression.

**Comb**—Cushion, slightly val, the smaller the better.

**Wattles and Ear Lobes**—Wattles short, rounded, equal, the smaller the better; ear lobes medium size.

**Neck**—Medium length, slightly arched, throat full, hackle medium.

**Wings**—Medium size, compactly folded, standing out slightly from body.

**Back**—Length, a little over medium, top line slightly curved, sloping downward from base of neck to tail, hip bones wide apart, broad across shoulders and its entire length.

**Tail**—Medium length and size, carried at an angle of 30 above the horizontal, sickles and coverts of medium length and nicely curved.

**Breast**—Broad, deep, well rounded.  
**Body and Fluff**—Body, rather long, deep, rounded; fluff, very abundant but not loose.

**Plumage**—Abundant but compact.  
**Legs and Toes**—Legs set well apart, straight when viewed from front. Thighs medium length, large, muscular, well feathered; shanks medium length, stout, smooth; toes of medium length, straight, strong, well spread.

#### SHAPE OF FEMALE

**Head**—Rather short, deep, broad, prominent above eyes, denoting vigor and strong constitution.

**Beak**—Short, stout, curved.  
**Eyes**—Medium size, bold and fearless expression.

**Comb**—Flatish with curved edges, small very slightly above surface of skull; the more rudimentary and nearer to entire absence the better; preferably having fine hair-like feathering upon the surface.

**Wattles and Ear Lobes**—Wattles short, rounded, even, the smaller the better; ear lobes medium size.

**Neck**—Medium length, slightly arched, throat full.

**Wings**—Medium size, compactly folded, standing out slightly from body.

**Back**—Length, a little over medium, top line slightly curved, sloping downward to tail, hip bones wide apart, broad across shoulders.

**Tail**—Medium length, carried at an angle of 25 degrees above the horizontal.

**Breast**—Broad, deep, well rounded.  
**Body and Fluff**—Body rather long, deep, rounded. Fluff very abundant but not loose.

**Plumage**—Very abundant but not loose.

**Legs and Toes**—Legs set well apart, straight when viewed from front. Thighs medium length, large, muscular, well feathered, shanks medium length, stout, smooth, toes of medium length, straight, strong, well spread.

#### COLOR OF MALE AND FEMALE

The same as the American Standard description of Partridge Colored birds.
